

Golf Cart Misting Systems

Mister-Comfort has been providing cooling relief since 2006, becoming the leading choice for pleasure, sports and recreation applications.

We have developed a misting system which provides a **COOL DRY** refreshing mist designed for golf carts. It uses the scientifically proven theories of evaporative cooling, and thermal dynamics to simply remove the heat out of the air leaving a cool refreshing temperature behind.

CARTCOOL

CARTCOOL easily installs on any golf cart. Perfect for high or low humidity environments thanks to the specially designed controller. . . Won't get you wet.
